## ABOUT US

Following a long term R&D and feasibility Works, Bonfix hygienic products a union of “Aprichem Group” get started on 2011 his life in baby diapers products field in Istanbul Turkey and exporting our high quality products to all around theWorld...

By combining its experience and the latest technology for healthy babies, Bonfix baby diapers gathered all the features someone would expect from a diaper along with other baby care products like baby wipes, baby Shampoo, baby oil and also Woman sanitary pad and Adult Diapers specially designed for international markets...As a result of continued Research & Development, We also improved quality with new machine line that produce Tshape diapers which called gold standard in Premium Level and Bonero Baby products are now distinguished by their packages and offer unique features that totally meet the babies' needs and keep up with the market dynamics... According to a global observation of diapers, reliability is the most important factor when mothers are choosing baby diapers products and brands for their babies so we are always taking our steps in light of this fact for now and future.

## MISSION

- To meet client desires in items and administrations and to meet client fulfillment at the most elevated level.
- To have a idealize positive relationship with all partners (worker, client and supplier).
- To see all representatives as building pieces of the company; to grant significance to the development of information, aptitudes and duties.

## VISSION

Our vision is to create a worldwide undertaking that ceaselessly makes maintainable esteem, and conveys startling success for our clients, employees, partners, and investors. A propos de nous

Suite à des travaux de R&D et de faisabilité à long terme, les produits hygiéniques Bonfix, un syndicat du « groupe Aprichem », ont commencé en 2011 sa vie dans le domaine des produits de couches pour bébés à Istanbul en Turquie et en exportant nos produits de haute qualité dans le monde entier...

En combinant son expérience et la dernière technologie pour des bébés en bonne santé, les couches pour bébés Bonfix ont rassemblé toutes les caractéristiques que l'on attend d'une couche avec d'autres produits de soins pour bébé comme des lingettes pour bébé, du shampoing pour bébé, de l'huile pour bébé et aussi des serviettes hygiéniques pour femmes et des couches pour adultes spécialement conçues. pour les marchés internationaux...

En raison de la poursuite de la recherche et du développement, nous avons également amélioré la qualité avec une nouvelle ligne de machines qui produisent des couches Tshape qui ont appelé gold standards dans Premium Level et les produits Bonero Baby se distinguent maintenant par leurs emballages et offrent des fonctionnalités uniques qui répondent totalement aux besoins des bébés et suivre la dynamique du marché...

Selon une observation mondiale des couches, la fiabilité est le facteur le plus important lorsque les mères choisissent des produits et des marques de couches pour bébés pour leurs bébés, nous prenons donc toujours nos mesures à la lumière de ce fait pour le présent et v l'avenir.
